Armenian Genocide, A BIG LIE Dr. A. N. Cora

Why the so-called “Armenian Genocide” has been known as one-sided story, which for the most part has ignored, dismissed, or forgotten facts about the true story behind these claims. Why USA and Europe never listen or disregard the Turk’s side story and act for only one side, Armenian’s side? Nevertheless, the claims and fabricated stories of the Armenian Diaspora have tainted the history. In order to get recognition of their claim they attempted to rewrite history with the help of hired historians, they introduced their falsehood into the educational curricula across the USA with the assistance of the like-minded politicians, and they flooded the media with the support of the duped journalists. Prominent scholars deny the Armenian Genocide include Bernard Lewis, Stanford Shaw, David Fromkin, Justin McCarthy, Guenther Lewy, Norman Stone, Michael Gunter, Andrew Mango, Roderic H. Davison, Edward J. Erickson, and Steven T. Katz.
