Drug Policy: History, Theory, and Consequences Vibeke Asmussen

In this book, anthropologists, criminologists and sociologists analyse different aspects of drug policy. The articles approach drug policy from new angles, focusing in particular on the history and consequences of drug policy in practice. How can we understand and explain the increasingly complex puzzle that we call drug policy? The authors explore in different ways how drug policy has spread into new areas of society, how new players are engaged in drug policy, and what consequences this has for drug users, citizens, or society in general. Taking a point of departure in drug policy as a way of regulating drugs - including control, treatment, prevention and harm reduction - the book shows how drug policy has become increasingly diverse and evident at many levels of society. A very wide range of drug policies are implemented in contemporary societies - not only by governments, but also by local communities, organisations, public institutions, private enterprises, sports clubs etc. Using examples from both Denmark and the USA, drug policy is analysed on an international, national and local level. This book will be of great value to advanced undergraduate and graduate students with an interest in drug policy, as well as to academics, practitioners and policy makers in the drug policy field.

From reader reviews:

Elvia Wirtz:

What do you in relation to book? It is not important together with you? Or just adding material if you want something to explain what your own problem? How about your extra time? Or are you busy individual? If you don't have spare time to accomplish others business, it is make you feel bored faster. And you have spare time? What did you do? Everyone has many questions above. They need to answer that question because just their can do that will. It said that about publication. Book is familiar on every person. Yes, it is proper. Because start from on pre-school until university need that Drug Policy: History, Theory, and Consequences to read.

Melvin Wilhelm:

Playing with family within a park, coming to see the water world or hanging out with close friends is thing that usually you could have done when you have spare time, subsequently why you don't try issue that really opposite from that. 1 activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Drug Policy: History, Theory, and Consequences, you may enjoy both. It is excellent combination right, you still wish to miss it? What kind of hang type is it? Oh can happen its mind hangout men. What? Still don't have it, oh come on its called reading friends.

Kevin Porter:

Is it an individual who having spare time subsequently spend it whole day simply by watching television programs or just resting on the bed? Do you need something totally new? This Drug Policy: History, Theory, and Consequences can be the respond to, oh how comes? A fresh book you know. You are consequently out of date, spending your extra time by reading in this new era is common not a geek activity. So what these textbooks have than the others?

Salina Rodriguez:

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's soul or real their passion. They just do what the educator want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful images on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Drug Policy: History, Theory, and Consequences can make you really feel more interested to read.
