Across That Dark River: The Civil War Memory

Thomas Martin Sobottke

Across That Dark River: The Civil War Memory Thomas Martin Sobottke

This is the book Americans must read to understand their Civil War 150 years and more after the fact. Americans are still laboring under a nineteenth century conceptual understanding of the war in a more racially and ethnically diverse twenty-first century America. *Across That Dark River: The Civil War Memory* employs a great and unending river, the dividing line between the living and the dead, the past and the present, to bring to readers the words and ideas of the principal actors in this great drama. *Thomas Martin Sobottke* takes up where Robert Penn Warren left off in 1961 at the Centennial. What Warren could not or would not say then in his classic essay, *The Civil War Legacy* is said and more outspokenly now, and with what James M. McPherson the Bruce Catton of his age says is an "evocative rendering of the meaning of the war." The continuing ideological and political struggle over our understanding of the "why" of the American Civil War, like old scars, are still visible and the battle is yet being fought. This book takes us to the field and asks readers to grapple with their own emerging understanding of the events of 1860-65 and beyond.
