Stories include the love of a family for a mentally challenged sibling; the bond between a child and his adopted pet; the attempt by different generations to reach each other; the love between sisters; and the eternal bond between those we have loved and ourselves.

1) This is the fourth in the "Stories For Kids" series and follows on the heels of the successful humor and science fiction volumes (both in their second printings), and the detective volume. 2) This is the first book of love stories with Jewish themes for this market and fills a gap that has existed for years.
