The Feminist, the Housewife, and the Soap Opera (Oxford Television Studies) Charlotte Brunsdon

The Feminist, the Housewife, and the Soap Opera traces the history of the feminist engagement with soap opera using a wide range of sources from programme publicity to interviews with key soap opera scholars. The book reveals that feminist scholarship on soap opera was a significant site of which the identity 'feminist intellectual' was produced in dialogue with her imagined other, the soap opera watching housewife. The book integrates personal autobiographical accounts within a broader history which traces both the move from 'women's liberation' to 'Feminism', and the acceptance of soap opera as a serious object of study.
