The Red Room & Other Horrors: H. G. Wells' Best Weird Science Fiction and Ghost Stories, Annotated and Illustrated (Oldstyle Tales of Murder, Mystery, Horror, & Hauntings) (Volume 4) H. G. Wells

Don't you believe that classic horror should be given the same attentive treatment that mainstream literature gets from artists, critics, and publishers? Don't you believe that the world's best supernatural fiction, horror fiction, and weird tales deserve more than a cheap paperback with a scanty bio and a kitschy, photo-shopped cover? Don't you believe that effective, masterful horror literature has the same ability to change and re-contextualize human life? At Oldstyle Tales, we believe that too. H. G. WELLS is one of those writers that we believe in -- a master of horror whose work deserves critical analysis and artistic treatment... The only illustrated collection of Wells' horror fiction currently on the market, this anthology begins and closes each story with informed critical commentary and uses crisp and unsettling illustrations to usher its reader into Wells' stark and dangerous Darwinian world. H. G. Wells has been rightfully called the father of modern science fiction, bringing a level of discombobulating other-ness to his fantasies which would be borrowed in the fanciful horrors of H. P. Lovecraft, Ray Bradbury, and Stephen King. While his name is more closely associated with science fiction, his contributions to supernatural fiction, body horror, murder tales, dark mysteries, ghost stories, and weird fiction were brilliant. Containing Lovecraft and Bierce's cynicism, his writing is nonetheless freshened by his Darwinian education -- one which foresaw a universe crawling with hostile (if seemingly innocuous) competitors: man-eating squid, vampiric orchids, greedy demons, ghostly moths, and Innsmouthian fish people. The tales included herein are guaranteed to surprise, disturb, and haunt.
