Three essays: on picturesque beauty; on picturesque travel; and on sketching landscape: to which is added a poem, on landscape painting. By William... William Gilpin

Ä published work is certainly a fair object of criticism: but I think, my dear sir, we picturesque people are a little misunderstood with regard to our general intention. I have several times been surprized at finding us represented, as supposing, all beauty to consist in picturesque beauty and the face of nature to be examined only by the rules of painting. Whereas, in fact, we always speak a different language. We speak of the grand scenes of nature, tho' uninteresting in a picturesque light, as having a strong effect on the imagination often a stronger, than when they are properly disposed for the pencil. We every where make a distinction between scenes, that are beautiful, and amusing; and scenes that are picturesque. We examine, and admire both. Even artificial objects we admire, whether in a grand, or in a humble stile, tho' unconnected with picturesque beauty the palace, and the cottage the improved garden-scene, and the neat homestall. Works of tillage also afford us equal delight the plough, the mower, the reaper, the hay-field, and the harvest-wane. In a word, we reverence, and admire the works of God; and look with benevolence, and pleasure, on the works of men. This is an edition of a classical book first published in the eighteenth century.
