The use of the open source MediaWiki can be a fast, cheap, and easy method for development of a Decision Support System (DSS). Decision Wiki is a case study focused on the design, development, and implementation of a DSS using MediaWiki. The research highlights the opportunities for other organizations to benefit from both the lessons learned and the value of the application of MediaWiki for technical organizations. For small organizations, MediaWiki can provide a compelling framework for a DSS. Decision Wiki is a case study of the issues and positive rewards of using MediaWiki for a technical organization.
