Summer at The End of The World Kirsten Kingdon

Seeking solace from the despair and sorrow brought on by the sudden death of her husband, Kingdon's protagonist leaves her urban world behind and flees to the Nova Scotian wilderness. There, alone with her reflections on a life that now seems without purpose, she begins an odyssey of remembrance that ultimately leads her to redemption and renewal. An autobiographical novel based on the author's life, "Summer at The End of The World" is a story of the blessings bestowed by familial love, and the healing power of faith.
