For many folks seeking to open up their lives and relationships, the road ahead is uncertain and foggy. Outside of traditional monogamy, relationship structure options and guidelines are often murky at best. This book seeks to demystify the basics of healthy, consensual non-monogamy by sharing the lessons learned from both Minx and thousands of podcast listeners who have built successful polyamorous relationships. While each relationship may be different, some basic guidelines are helpful in constructing one's own version of polyamory, and the eight discoveries outlined in this book seek to provide just that.
