El caballero de los Siete Reinos [Knight of the Seven Kingdoms-Spanish] (A Vintage Español Original) (Spanish Edition) George R. R. Martin

Cien años antes de *Juego de tronos*... llega por fin la precuela de la aclamada *Canción de hielo y fuego*...

Doscientos años después de la Conquista, la dinastía Targaryen vive su apogeo. Los Siete Reinos de Poniente atraviesan un momento de relativa paz en los últimos años del reinado del buen rey Daeron. Es con este escenario como telón de fondo que Dunk, un muchacho pobre del Lecho de Pulgas, tiene una oportunidad única: dejar su vida miserable y convertirse en el escudero de un auténtico caballero.

Pronto, el caballero muere y Dunk decide tomar su lugar y hacer historia en el torneo de Vado Ceniza. Es aquí donde conoce a Egg, un niño de diez años, tímido y enjuto, quien en realidad es mucho más de lo que parece ser. Dunk acepta a Egg como su escudero y juntos viajan por Poniente en busca de trabajo y aventuras. Una gran amistad nace entre ellos, una amistad para toda la vida, incluso cuando, años más tarde, ambos tendrán un papel fundamental en la estructura de poder de los Siete Reinos.

Los tres relatos que conforman *El caballero de los Siete Reinos* nos sumergirán en un mundo más amable que el de *Juego de tronos*, pero que ya nos muestra la génesis de los acontecimientos sangrientos, alucinantes e inesperados de las generaciones futuras. Llenas de torneos y parafernalia medieval, romance y aventura, éstas son historias con un aire de heroico esplendor y delirio inocente, ubicadas en el largo otoño del mundo varias décadas antes de que los Stark comenzaran a declarar “Se acerca el invierno” y de que el mundo se convirtiera en un lugar oscuro y sin escrúpulos. Al final de este volumen se abrirán más posibilidades en el bello y complejo universo de la *Canción de hielo y fuego*, que nos dejará en vilo hasta la entrega de los últimos relatos de esta precuela.
