Mapplethorpe The Complete Flowers

Mapplethorpe The Complete Flowers

Flower are one of the most common subjects for artwork, yet Mapplethorpe excels at bringing something radically new to his flower photographs. Setting them in a universe apart, their poses are classical, reduced to a series of essential forms. Their compositions are profoundly simple but mask a complex dynamic. Each one is evocative, and almost always sexually charged. When photographed by Mapplethorpe, these delicate organisms become almost muscular in their raw power.
