Colin Gray

Strategy and History: Essays on Theory and Practice Colin Gray

Strategy and History comprises a selection of Professor Gray's key contributions to strategic debate over the past thirty years.

These essays have been selected both because they had significant messages for contemporary controversies, *and* because they have some continuing relevance for today and the future. Each essay in this book is really about strategy in the modern world, and reflects the many dimensions of this complex subject.

This book covers a wide range of subjects and historical events, but there are key issues covered throughout:

- being strategic
- the consequences of actions
- a respect for Clausewitz's theory of war
- historical dependency
- the importance of geography
- being critical of enthusiasm for technology over human factors
- the primacy of politics.

This important publication provides an invaluable insight into the development of strategic studies over the past 30 years from one of the world's leading theorists and practitioners of the subject. The book will be of great interest to all students and analysts of strategy and international studies.

Lamar Santiago:

This Strategy and History: Essays on Theory and Practice is great reserve for you because the content and that is full of information for you who always deal with world and get to make decision every minute. That book reveal it data accurately using great manage word or we can state no rambling sentences inside it. So if you are read this hurriedly you can have whole information in it. Doesn't mean it only provides straight forward sentences but hard core information with attractive delivering sentences. Having Strategy and History: Essays on Theory and Practice in your hand like obtaining the world in your arm, info in it is not ridiculous 1. We can say that no book that offer you world inside ten or fifteen second right but this e-book already do that. So , this is good reading book. Hey there Mr. and Mrs. active do you still doubt which?

David Furtado:

As a college student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just minor students that has reading's internal or real their interest. They just do what the teacher want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring along with can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore this Strategy and History: Essays on Theory and Practice can make you sense more interested to read.
