Genesis (Brazos Theological Commentary on the Bible) R. R. Reno

The Brazos Theological Commentary on the Bible enlists leading theologians to read and interpret Scripture for the twenty-first century, just as the church fathers, the Reformers, and other orthodox Christians did for their times and places. In this addition to the well-received series, esteemed theologian R. R. Reno offers a theological exegesis of Genesis. This commentary, like each in the series, is designed to serve the church--providing a rich resource for preachers, teachers, students, and study groups--and demonstrate the continuing intellectual and practical viability of theological interpretation of the Bible.
