The Amphora Project William Kotzwinkle

Deep in the bowels of Junk Moon, the finest scientists of Planet Immortal are nearing completion of a project that will unlock the secret of immortality. *Project Amphora* is run by the Consortium, twelve of the planet's most influential movers and shakers. They aren't the only ones after immortality: Commander Jockey Oldcastle, a wise-cracking space pirate, has heard about the Amphora Project from a banished scientist who is convinced it will lead to the end of the world. Oldcastle sets off to find the project with Adrian Link, a timid botanist who wants only to tend to his plants on the Agricultural Plain, yet Oldcastle finds himself trying to unravel a strange mystery: It seems the Amphora Project is turning the citizens of Planet Immortal into crystal. As time runs out, it is up to Oldcastle and Link -- and Link's exotic, unlikely love interest -- to stop their mysterious extradimensional enemy before their world is lost forever. Hilarious, wildly inventive, and featuring a fantastical cast of mutants, quasihuman robots, intergalactic mercenaries, and two-thousand-year-old immortals, *The Amphora Project* is a novel that combines elements of science fiction and fantasy and transcends the boundaries of both.
