The Gospel of Atheism and Freethought: according to Sherlock Michael Sherlock

The Gospel of Atheism and Freethought - According to Sherlock turns blasphemy into an art form. None of the major religions are safe from Sherlock's unrelenting and antagonistic wit. In this three-part parody-titled atheist gospel, Sherlock shows that the legendary "prophet" of the Islamic faith was a paedophile, that Christianity was built on a textbook scam, that Jesus is not the reason for the season and that there is no reason for Jesus at all. If this book doesn't result in a fatwa or Pat Robertson dropping dead from a massive coronary episode, it will at least provide the atheist reader with food for both thought and laughter.
