## **Yseult, Part I: Two Women** Ruth Nestvold

Yseult the Wise and Yseult the Fair, mother and daughter, are members of the proud race of the Feadh Ree, the Old Race in Eriu. New ways and a new religion are coming to their land, and despite all their magic, they may be powerless to stop it.

"Yseult" is a retelling of the tragic story of Tristan and Yseult. Yseult is a princess of Ireland, a land on the fringes of Europe, a land that had never been conquered by Rome. What would her life have been like in that pagan land before the advent of Christianity?

This book is a re-imagining of Yseult's youth, never part of the legends — until now.

"Yseult: Two Women" is the first book of the four part Yseult. All four parts were originally published in German translation with Random House Germany as "Flamme und Harfe" and followed by translations into Dutch and Italian.

## **What readers are saying about The Pendragon Chronicles:**

- "This book is simply Epic! Not only for the length of it (came as a shock after reading novellas for a while!) but also for the amount of history, information and detail given." Review of Yseult by Marissa.

- "For those who like a strong historical component in their historical fiction. Yseult is fully realized as an Irish princess, with a component of "powers" totally appropriate to the myths of Ireland and Arthurian tales. This story made even some of the less likely parts of the tale seem not just plausible, but inevitable." Review of Yseult by Cary.

- "The book is much more than a love story. It is truly an epic, exploring the conflicts between paganism and Christianity, political maneuvering between the various kings of Britain and Ireland, the wars between themselves and with the Saxons, and a lot more. It reminded me a bit of The Mists of Avalon, although Yseult was much more fun to read." Review of Yseult by Kriti Godey.

## **Praise for Ruth Nestvold:**

"... an excellent up-and-comer. "

- Cory Doctorow at Boing Boing

"The book is so rich that it is impossible to recount every nuance, every emotion transmitted, each of the author's choices to depart from tradition or adopt unfamiliar elements, while manipulating them in favor of the economy of the narration... It tells the story of war with rawness and realism, love with feeling and sensuality, magic with naturalness and enchantment... Ruth Nestvold truly has my gratitude and commendation for managing to rewrite and re-invent this story of love and war so masterfully, creating one of the most beautiful books I have ever read."

- Review of the Italian translation of "Yseult" by Valentina Coluccelli
