Mothers and fathers are the original human resource managers! Whatever the era or circumstances, their challenges remain constant: to pass on a legacy of positive work attitudes and habits to their children. In *Good, Better, Best* author Esther Esteban focuses on five work-related habits: diligence, order, responsibility, cooperation, and cheerfulness. These are the building blocks of good work that take time and considerable training to develop. When they are practiced naturally, quickly, constantly, and with ease, they evolve into stable qualities of the human personality (virtues). Motivating children to do their work (school work, play, household chores, hobbies, sports), and to sustain and complete tasks well, are the challenges of parents, caregivers, and teachers. This sequel to *The Work of Children* is an inspirational guide to help them in that process.
