Picture Writing is the newest book in the Write for Kids Library. In this book, successful children's book author Anastasia Suen shows readers how to use descriptive language to create vivid stories for kids. Like the other books in the Write for Kids Library, Picture Writing takes a hands-on approach. Two features of this book - the Try It Yourself exercises and the words of advice from other successful authors - have become staples of the Writer's Digest Write for Kids Library. These features complement the basic instruction, helping writers to practice what they've learned even as they're still reading the book, and provide sparks for new projects. Picture Writing will give children's book writers the tools they need to create and use description in their own writing.
