'From Pillar To Post' takes a look at the restlessness of humans in vulnerable situations, especially in intimate relationships that become traumatic. 'From Pillar To Post' takes the reader through the lives of two very close friends, Donna and David, their individual relationships with their current partners, their continuous affection for each other and eventually their lasting bond between them. Outside influences tested their affection, which unfolded a series of events that devastated them, only to realize that they needed to breathe, think and feel the presence of the 'Divine' working within them to achieve their goal. Something they totally neglected.
