The Barbary Plague: The Black Death in Victorian San Francisco Marilyn Chase

The veteran *Wall Street Journal* science reporter Marilyn Chase's fascinating account of an outbreak of bubonic plague in late Victorian San Francisco is a real-life thriller that resonates in today's headlines. **The Barbary Plague** transports us to the Gold Rush boomtown in 1900, at the end of the city's Gilded Age. With a deep understanding of the effects on public health of politics, race, and geography, Chase shows how one city triumphed over perhaps the most frightening and deadly of all scourges.
