Google SketchUp For Dummies Aidan Chopra

- Considerably easier to use than other 3D software, Google SketchUp has found a niche in architecture, landscaping, real estate development, furniture building, and other design professions
- The fun and friendly approach assumes no previous 3D modeling experience and explains the basic concepts involved in 3D modeling
- Shows readers how to build a 3D model, print it, share it, export it to another professional design package, export it to Google Earth, and create a 3D animated tour
- Helps readers harness the power of Google SketchUp so that they can populate Google Earth with 3D buildings, monuments, and other sculptures
