Master Math: Business and Personal Finance Math Mary Hansen

MASTER MATH: BUSINESS AND PERSONAL FINANCE MATH is a comprehensive reference guide that explains and clarifies the principles of business and personal finance math in a simple, easy-to-follow style and format. Beginning with the most fundamental topics and progressing through to the more advanced, this book helps clarify the mathematics of personal finance and business using step-by-step procedures and solutions, along with practice problems. You'll start by learning the basics of topics like paychecks, taxes, credit card and loan interest, investments, budgets, and business costs to give you a foundation for the more advanced topics covered later in the book. Topics addressed include gross and net pay, banking, credit and loans, owning a car or home, insurance and investments, budgets, costs of doing business, tracking sales and inventory, financial ratios, and business profit and loss. A complete table of contents and a comprehensive index enable readers to quickly find specific topics, and the approachable style and format facilitate an understanding of what can be intimidating and tricky skills. Perfect for students, teachers, and business people, as well as anyone wanting to better understand the mathematics of business or personal finance.

From reader reviews:

Zachary Mason:

Book is to be different for each grade. Book for children until adult are different content. To be sure that book is very important for all of us. The book Master Math: Business and Personal Finance Math seemed to be making you to know about other know-how and of course you can take more information. It is very advantages for you. The reserve Master Math: Business and Personal Finance Math is not only giving you far more new information but also to get your friend when you truly feel bored. You can spend your personal spend time to read your reserve. Try to make relationship while using book Master Math: Business and Personal Finance Math. You never truly feel lose out for everything in the event you read some books.

Connie Deroche:

Reading a reserve tends to be new life style within this era globalization. With examining you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their reader with their story as well as their experience. Not only the storyline that share in the guides. But also they write about the information about something that you need case in point. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their ability in writing, they also doing some study before they write on their book. One of them is this Master Math: Business and Personal Finance Math.

Larry Hudgens:

The publication with title Master Math: Business and Personal Finance Math has a lot of information that you can understand it. You can get a lot of gain after read this book. This particular book exist new understanding the information that exist in this guide represented the condition of the world now. That is important to yo7u to be aware of how the improvement of the world. This particular book will bring you inside new era of the globalization. You can read the e-book on your smart phone, so you can read the idea anywhere you want.

Gary Lafountain:

Precisely why? Because this Master Math: Business and Personal Finance Math is an unordinary book that the inside of the guide waiting for you to snap the item but latter it will surprise you with the secret the item inside. Reading this book beside it was fantastic author who write the book in such wonderful way makes the content inside of easier to understand, entertaining approach but still convey the meaning fully. So , it is good for you because of not hesitating having this ever again or you going to regret it. This phenomenal book will give you a lot of benefits than the other book include such as help improving your talent and your critical thinking method. So , still want to hold up having that book? If I were being you I will go to the book store hurriedly.
