Men! Can't live with 'em. Can't live without 'em. Can have a laugh at their expense, though. In *What Women Say About Men*, women from all walks of life - authors, actresses, scientists, homemakers, journalists, and artists - offer their candid and often tart assessment of the male of the species. From the front lines of the battle of the sexes come some of the funniest and on-target thoughts about men. This witty collection of pithy quotes includes the opinions of women as diverse as Elizabeth Taylor, "Some of my best leading men have been dogs and horses," and Camille Paglia, "I don't have buried anger against men. Because my anger is right on the surface." Although every woman has her own unique perspective, all agree that there are few things in life as inscrutable as a man. Any woman who has struggled to understand a man will appreciate the rich wisdom and wry humor found in these pages.
