The Art of Assassin's Creed Unity Paul Davies

With 73 million units sold worldwide, Ubisoft's *Assassin's Creed* franchise is established as one of the best-selling game series ever. Recognized for having some of the richest, most-engrossing art and storytelling in the industry, *Assassin's Creed* transcends video games, branching into other entertainment experiences including comic books, novels, short films and an impressive merchandise line-up.

The recently announced *Assassin's Creed Unity* takes players into the heart of the French Revolution. Marrying intricately detailed environments and next-gen capabilities, Paris comes to life around you and immerses you in the grit and grime of a city in turmoil. Continuing in the footsteps of this already world-renowned franchise, *Assassin's Creed Unity* brings to life a time of unrest and disorder in one of the greatest cities in the world, promising to be the biggest and best experience yet.

Highlights in the game, and in the book, include the different areas of Paris, each with their own identity and population, towering buildings bigger than any *Assassin's Creed* game so far and an amazing range of locations and action.
