Destiny Betrayed: JFK, Cuba, and the Garrison Case

James DiEugenio

Destiny Betrayed: JFK, Cuba, and the Garrison Case James DiEugenio

If you enjoyed the chilling reading of *In Cold Blood* and were at the edge of your seat while watching Oliver Stone's *JFK*, you'll love this investigative look into all the facets of one of the top conspiracies of the twentieth century and beyond. DiEugenio, who has spent decades researching the Kennedy assassination, takes both an analytical and conversational approach to his fascinating exploration of the pivotal historical events and scandals surrounding that day.

Twenty years after the first edition of *Destiny Betrayed*, DiEugenio is back with his ever-expanding investigation into the life and death of JFK. But this is no simple reissue. It is a greatly revised and expanded version of the original book, including updates on all the topics it introduced back in 1992. DiEugenio has used the declassification process of the Assassination Records Review Board (ARRB) to obtain the most current information on topics like the Garrison investigation and Clay Shaw; the newly exposed fallacies of the Warren Commission; U.S.-Cuban policy from 1957 to 1963; Kennedy's withdrawal plan from Vietnam; Kennedy's challenge to the Cold War consensus in 1961, and where those ideas originated; the ARRB medical inquiry demonstrating conspiracy and cover up; and the problems with the investigation of the Kennedy case. DiEugenio's primary focus is on the Garrison inquiry, the New Orleans aspects of the Kennedy murder investigation, and the revelatory new information that bolsters Garrison's case and has been withheld from the public.

All of this and more is contained in the narrative of this complex crime, with twin focuses on the victim, John F. Kennedy, and the investigator, Jim Garrison.
