This is Vickie Girard's long-awaited and completely indispensable survival guide for cancer patients and their families. Regardless of the type of cancer, here is an immediate, practical, and inspiring guide that will empower any patient to better fight and survive this disease. Through her involvement with the Cancer Treatment Centers of America and The American Cancer Society, Vickie Girard has taken her message of "empowered patient care" to the floor of the U.S. Senate and to thousands of cancer patients and survivors throughout the world. The message is simple, hopeful, powerful, and long overdue: "We must stop speaking of cancer in whispers. We may have cancer, but cancer does not have us. Cancer is a beatable, treatable, survivable disease."
