Encyclopedia of European Peoples (Regional History on File) (2 Volume Set) Carl Waldman, Catherine Mason

Films such as "Gladiator", "Braveheart", and "Attila the Hun" and books on people such as the Vikings and Celts are drawing attention to the ancient people of Europe. With the end of the Cold War, there is also renewed interest in the people formerly behind the Iron Curtain, such as the Kosovars or Estonians. Other people, like the Basques and Walloons, continue to be in the media, although the historical context for the present conflict is often not well understood. "Encyclopedia of European Peoples" is an A-to-Z reference to the people of Europe, from ancient to modern times, summarizing their origin, language, history, culture, and relationship to other people. This encyclopedia includes entries on all people that for a time maintained a cultural identity. Thus, the reader will be able to find entries on the Gauls and Normans, but also an entry on the "French: nationality," that describes who they are today with cross-references to the various ancestral people. Main entries begin with a fact sheet and a timeline and conclude with a further reading section. Sidebars are placed throughout, outlining the biographies of individuals critical to the shaping of European history, and approximately 200 black-and-white photographs, illustrations, and maps add to the engaging text. Contents include a master alphabetical list of entries, with alternate names and language families or other classifications; entries organized by language family, ethnicity, nationalities, or regions; a table listing the languages of Europe, past and present; a summary of the geography of Europe; a summary of the prehistoric hominids once inhabiting that continent; a list of individuals mentioned in the text, organized alphabetically according to European people; and an alphabetical list of those individuals featured in biographical sidebars, citing the entries where the sidebars are located. A chronology of European prehistory and history, a glossary of cultural terms, and a general bibliography - with general titles on European history and culture, prehistory, and ancient writings - also supplement the text. An index offers the reader additional access to the information.

We need to have Encyclopedia of European Peoples (Regional History on File) (2 Volume Set).

Jessica Ball:

As a pupil exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's soul or real their passion. They just do what the professor want, like asked to go to the library. They go to generally there but nothing reading critically. Any students feel that studying is not important, boring and also can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Encyclopedia of European Peoples (Regional History on File) (2 Volume Set) can make you sense more interested to read.

Mary Perez:

What is your hobby? Have you heard this question when you got learners? We believe that that question was given by teacher to their students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person such as reading or as reading become their hobby. You need to know that reading is very important as well as book as to be the thing. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You get good news or update about something by book. Many kinds of books that can you decide to try be your object. One of them is this Encyclopedia of European Peoples (Regional History on File) (2 Volume Set).
